**DETAILED ACTION**

***Allowable Subject Matter***

Claims 10,12-16 are allowed.

The following is an examiner's statement of reasons for allowance:

In regards to claim 10, none of the prior art of record discloses clean-unaccessed, clean-accessed, dirty-unaccessed and empty cache states in association with the specified state transitions implemented within applicant's disclosed system. In particular, the transition from clean-unaccessed to dirty unaccessed when a CPU bus write or read on a cached entry is detected, and the transition from clean-accessed to empty when the peripheral device writes to an address which is cached are atypical and not disclosed within in the prior art of record. For this reason, claim 10 is allowable over the prior art of record.

Claims 12-13 are allowable as dependent upon allowed claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul A Baker whose telephone number is (703)305-3304. The examiner can normally be reached on M-F 10am-6:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mano Padmanabhan can be reached on (703)306-2903.
